Housing Program Operating System

HouseKeys READ ME Guide for our Program Websites

HouseKeys sets up special “web store fronts” to keep all the information in a single location for our program cities. The **READ ME** link that is available from the home page provides important information about how to use the website. One of the things you’ll hear us mention is that there are “clickable links” that we make available in our **HouseKeys Orange color**.

Look for the **ORANGE** font for **clickable links**
